**NEW QUESTION: 1**

Which commands are relevant to a BGP route reflector? (Multiple Choice)

- A. peer reflect-client
- B. reflector cluster-id
- C. group 1 internal
- D. reflect between-clients

**Answer: A,B,D**

**NEW QUESTION: 2**

Which of the following would be MOST helpful to achieve alignment between information security and organization objectives?

- A. Key control monitoring
- B. A robust security awareness program
- C. A security program that enables business activities
- D. An effective security architecture

**Answer: C**

Explanation:

A security program enabling business activities would be most helpful to achieve alignment between information security and organization objectives. All of the other choices are part of the security program and would not individually and directly help as much as the security program.
