You have created a quarterly sales report of the department. After entering required data and inserting charts, you want to give a professional look to the document. You want to produce the document with soothing graphic effects, soft fonts, and light colors. Which of the following steps will you take to accomplish the task with least administrative burden?
A. Use the SmartArt option.
B. Create a new workbook through a template. Copy all data and charts of the report to the new workbook.
C. Choose one of the pre-built themes.
D. Select all the text of the document.
Change font style to Verdana and font color to light gray. Use

vibrant colors for charts.
Answer: C
Explanation:
In order to accomplish the task, you will have to choose one of
the pre-built themes.
Document
themes work on the overall design of the entire document. It
enables users to specify
colors,
fonts, and variety of graphic effects in a document. Themes
change the look and feel of
the document.

Microsoft Excel 2013 comes with a large collection of pre-built
themes. Users can create
their own themes for a document. Themes can be specified
through Page Layout >
Themes.
Answer option A is incorrect. The SmartArt option does not
produce soothing graphic
effects, soft fonts, and light colors.
Answer options B and D are incorrect. These options involve
manual processing.
Therefore, any
formatting done manually will increase the administrative
burden.
