NEW QUESTION: 1
You have created a cloned copy of Windows Server 2016 and applied this cloned copy to multiple computers.
Each cloned copy of Windows uses the same image with the same parameters, including the computer name and security identifier. For these computers to operate properly without conflicting on a network, all parameters should be unique.
What will you do to overcome this problem?
A. Use the Sysprep tool.
B. Restart the computers.
C. Use Windows System Image Manager.
D. Run msconfig.exe.
Answer: A
Explanation:
Explanation/Reference:
Explanation:

To overcome the given problem, you should run Sysprep (system preparation tool). When you use the Sysprep tool, it removes security identifiers (SIDs) and all other user-specific or computer- specific information from the computer before you run the disk cloning software to make the cloned disk image.

NEW QUESTION: 2

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some questions sets might have more than one correct solutions, while others might not have a correct solution.
After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
A manufacturing plant uses Lean process. You plan to outsource a painting operation to a subcontracting vendor. You create a service item named SP-01 to represent the painting service.
You need to create a subcontracting activity for the painting service.
Solution:
1.) Create a purchase agreement for the subcontracting vendor and add SP-01 as the painting service
2.) Create a vendor resource then create a work cell for outsourced painting and add the resource to the work cell
3.) Create a production flow process activity for the painting work cell and add the component to be painted as a picking activity
4.) Create a service term to tie the purchase agreement to the activity Does this solution meet the goal?
A. Yes
B. No
Answer: B
